INTRODUCTION

The AVS™ Padded Yoke is a low profile, lightweight component that allows the user to attach a variety of AVS™ components. Multiple attachment points on the front and back allows for many configurations. Our AVS™ Padded Yoke allows you to turn the AVS™ Chest Rig into a standalone chest rig. The yoke can also be used in conjunction with any of our AVS™ plate bags to form a modular vest with a padded neck and shoulder area. It can also be used as a comfortable load-bearing means of adding support for any of our belts. Made in the US from US materials.

FEATURES

- Padded for long wearing comfort
- Balanced geometry distributes weight evenly on the body
- Versatile mounting points, allow it to be used on many systems

OPERATOR INSTRUCTIONS

ATTACHING YOKE TO BELT

The Padded Yoke can be used with the straps provided to connect to a belt.

Fold the end of the 2" hook and loop in half and route it up under the webbing on the shoulder as pictured above.

Lay the hook and loop portion flat on top of the shoulder pad in the desired position and repeat for the other side.

Route the rear strap up through the metal loop under fabric flap.

Attach rear strap to the belt with the 3 bar slides provided.

ATTACHING SUSPENDERS (NOT PROVIDED)

The AVS™ Padded Yoke is also compatible with suspenders. Sold separately.

Route the front suspender tips up under the rear cover.

Continue routing the front of the suspenders under the top shoulder cover and under the webbing on the front.

ATTACHING AVS™ PLATEBAGS

To attach the AVS™ Platebags to the Padded Yoke, complete the following:

AVS™ Padded Yoke attached to the AVS™ Platebags

Route the buckle strap (from AVS™ harness) through the desired side of the yoke.

Route the front platebag strap through the opposite side of the Padded Yoke.

Attach the rear platebag to the back of the yoke by routing the straps on each side through the metal loop and then back onto the platebag attachment surface.

Attach the field replaceable side release buckle to desired location on the back of the plate back.

Utilizing the front suspender straps, route the strap through the male portion of the buckle and connect to it to the female buckle. The remaining strap can be contained with the 3 bar slide.

We give them our full support and are indebted to them for their service and their sacrifice. We make uncompromising gear for uncompromising individuals. We work hard to provide smart, high-performance, long-wearing gear for people who demand the best. We make all of our gear in America from American materials. Every item is designed to help you perform better.

WARRANTY

If a defect in materials or workmanship is found in any of our products, we will repair or replace it, free of charge, for the lifetime of the product. This excludes normal wear and tear. Be aware that the customer is responsible for any and all return shipping charges. This applies to the original purchaser and is nontransferable.

BODY ARMOR

It is against Federal Law for a person convicted of a violent felony to purchase or possess body armor. In addition, various states also have laws restricting the purchase or possession of body armor by persons convicted of certain felonies, other crimes of violence, or drug crimes. By purchasing body armor, you acknowledge and certify that (i) you have no felony convictions, (ii) you have not been convicted of any other crime that would restrict your ability to purchase or possess body armor under any Federal or State law, (iii) you do not intend to use the body armor for any criminal purpose and (iv) you are over 18 years old. Crye Precision reserves the right, in its sole discretion, to refuse to sell body armor to any person. Additionally, the sale of body armor to residents of Connecticut is restricted to in-person sales, unless the sale is made to certain law enforcement or military personnel. We require that all orders of body armor be accompanied by a government issued photo identification.
