

# JPC™ LONG SIDE ARMOR POUCH SET

BLC048

## DESIGN

The **JPC LONG SIDE ARMOR POUCH SET** allows the use of soft armor panels with the **JPC** and **JPC 2.0**. Each pouch is compatible with **IIIA SIDE ARMOR INSERT**. A 6x6 or 6x9 low-vis plate and a soft armor backer can also fit into the pouch for increased ballistic protection. The rear of the pouch can be positioned between the wearer and the rear plate to allow for proper fit and adjustment. The pouch set is constructed of Mil-Spec webbing and stretch nylon. Made in the US from US materials.

## AVAILABLE SIZES
